

Steps to 2018 EMEA Graduate Recruiting

Ready to create positive change in the world? Good. Let's get started. We want to make our recruitment process easy, educational and inspiring.

Step One:

Meet Us at Our Events

Starting this Autumn, you may have opportunities to meet and speak with our employees and campus ambassadors about their roles and the Morgan Stanley culture. To search and register for an event please visit our website: morganstanley.com/campus

Step Two:

Find the Program for You

We are recruiting for 2018 Spring Insight, Summer Analyst, Summer Associate, Off-Cycle Intern and Full-Time opportunities. Check our website for information about each of our divisional programmes.

Step Three:

Apply Online

Applications for 2018 opportunities will go live on our website in August 2017. At application stage you will be requested to submit your cover letter and CV. Candidates will also be required to complete online psychometric testing (i.e. numerical, logical and verbal reasoning).

Step Four:

Your Interview

If your application is successful, first-round interviews may be conducted by phone or in person. We hold assessment centres at our offices and these may include technical, competency and strengths based interviews, group exercises and individual presentations.
